

SOUTH STREET PRIMARY SCHOOL

Charging & Remissions

January 2018

POLICY DOCUMENTATION

CHARGING & REMISSIONS POLICY AND PROCEDURES

This policy is made up of two parts:

1. charging & remissions for curriculum and recreational school journeys.
2. lettings procedures and charges.

Parts of this document are re-printed in the school prospectus which is given to all parents with children in the school.

1. CHARGING AND REMISSIONS

a) Local visits (i.e. those which do not require transport)

At the beginning of each academic year, all parents are given letters requesting parental consent for local visits. When the completed form is returned they are kept and monitored by the class teacher (Appendix A - sample local visits letter).

Class teachers are under instruction to plan local visits carefully giving the Head Teacher adequate notice of intention. Sufficient preparation must be undertaken before the visit to make it a meaningful and worthwhile experience for the children. A risk assessment must also be undertaken at least one week before the visit. In the light of that risk assessment adult supervision should be adjusted to make sure the visit is safe for all children attending.

The school kitchen must have at least two weeks notice of any outing which may significantly deplete dinner numbers or require packed lunches.

b) School journeys involving transport

All such journeys must be carefully planned with an expectation that staff will visit the site or venue prior to their visit whenever possible and in particular if it's previously unknown to the school.

The Business Manager requires at least one months notice of these visits to ensure buses or coaches are booked at the most competitive price.

A risk assessment must be undertaken at the time of planning the journey and adequate adult supervision secured.

The school kitchen must be notified at least two weeks before the journey if dinner numbers are to be significantly depleted or packed lunches required.

No charge can be made for school journeys which are organised to enrich the curriculum. However parents may be asked for a voluntary contribution towards the cost of the journey.

Voluntary contributions will be calculated according to the following scale:

- a) When an educational visit is arranged we use public transport where possible and practical and we ask parents to voluntarily contribute the children's bus fare.
- b) If a coach is needed we pay half the cost and parents volunteer to pay half the cost.
- c) If an entrance fee is required we pay a proportion of the cost and parents voluntarily contribute.
- d) If a recreational visit is organised, we ask parents to voluntarily contribute to the cost.

Where a voluntary contribution is large we will give plenty of warning and allow parents to save weekly towards the cost.

No distinction will be made between pupils on the basis of whether or not parents have contributed towards the cost of educational visits. Voluntary contributions will not be chased up by staff.

Where transport is required, parents will be sent specific details about the visit and the school journey insurance arranged to cover it. A consent form will also be sent and must be completed by someone with parental responsibility for the child. If this form is not returned, even if a voluntary contribution has been made, the child will NOT be allowed to leave the school premises.

The LA Educational Visits Guidelines will be followed at all times and can be found in the Risk Assessment File.

2. LETTINGS PROCEDURES

The Governors are keen for the school to be used by the local community outside of school hours. This includes halls and rooms within the school and the school playing field. Internal changing and shower facilities are also available.

The school benefits from a spacious hall and a community hall with an adjoining kitchen. The kitchen is fully fitted with a cooker and a fridge freezer.

Requests to use any part of the school should be made in the first instance to the Head Teacher who will consider the suitability of the activity and give an initial estimate of cost. (See Appendix 1).

Once there is verbal agreement the following procedures should be followed:

- a) the hirer should be issued with the "LEA Conditions for Letting of School Premises" and should complete the initial request for a letting (SCH/LET4).
- b) after consultation with the caretaker a "Let 2" form should be completed by the Head Teacher and this with the "Local Conditions for a Letting" (See Appendix 2) should be sent to the hirer.
- c) when the "Let 2" is returned signed by the hirer the Head Teacher issues a "Let 3" along with a permit number to the hirer.
- d) the Head Teacher then raises a "debtors invoice" which gives details of the letting and the charges and sends this to the Establishment Support section at the Civic Centre. They will send an invoice to the hirer to request payment.
- e) all people using the premises will have access to school's safeguarding procedures and a sign up sheets to show it has been read.

The Resources Committee agree on an annual basis the scale of letting charges. The procedures to be followed are taken from and outlined in the LEA's document "Hiring of County School Premises Procedures".

Date this policy was formally reviewed and agreed by the Governing Body of South Street Community Primary School:
